Passer le TrackMan Combine test

Au Club de Golf Vallée des Forts ou au Stade du Haut-Richelieu

Prix : $ 100.00

WHAT IS THE TRACKMAN COMBINE?

The TrackMan Combine tests your ability to hit shots ranging from 60 yards up to the Driver. It's a 40 minute test that evaluates your distance control and accuracy throughout your bag as well as your ability to hit the driver long and straight.

DYK – On average, a TOUR Player will hit the ball 18 feet from the hole at 100 yards.

*The average TOUR Player will only make this putt 17% of the time!

WHY SHOULD I TAKE THE TRACKMAN COMBINE TEST?

Whether you are an aspiring junior player or leisure golfer, the TrackMan Combine can help you find the strengths and weaknesses of your game.

- Is my driver a good fit for me?
- What is my best distance to layup to?
- Do I know how far I carry my clubs?
- Should I add another wedge to my bag?
- Am I good enough to play college golf?
- What are my common swing faults?

"The TrackMan Combine delivers in 40 minutes what it would take a golfer hundreds of rounds of pelmeking data collection. It is by far the most complete ball striking assessment I have seen."

– Henry Brunton, Head Coach - Canadian National Team
